 \$395.00

 1 day

Do you want to learn how to build online learning modules like the pros? This one-day workshop will help you advance your Articulate abilities and allow you to do new things you never thought possible with the software! TechChange has used Storyline (and now Articulate 360) to author dozens of engaging and beautiful online courses for clients including UNICEF, USAID, World Bank, Hilton Hotels, International Youth Foundation and more.

You can see examples of our Storyline work below:

- [UNICEF - Introduction to RapidPro](#)
- [USAID - Mobile Data Solutions](#)
- [World Bank - Trade in Africa](#)
- [State Department: Religion and Conflict](#)

Workshop Objectives

At the conclusion of this workshop, participants will be able to:

- Understand how to take existing content and translate it to online
- Understand how to work effectively with subject matters experts

- Design storyboards and scripts based on tested techniques
- Apply techniques to create new types of slide interactions
- Create interactive content with re-usable, interactive models

Space is limited to 10 people so reserve your spot today!
