NETHOPE'S NEW NGO GUIDE TO ENERGY SOLUTIONS

International NGO Members often have to rely on diesel fuel and harmful, polluting energy sources (e.g., diesel and wood) to power many of their field office operations. Guided by the principle spelled out in the United Nations Sustainable Development Goal (SDG) #7: *Ensure access to affordable, reliable, sustainable and modern energy for all*, NetHope members are inspired to identify and adopt programs that increase access to affordable green energy solutions. Learn more about NetHope's efforts in our new [NGO Guide to Energy Solutions](#).

Let's work together

NetHope Solutions Center is your one-stop resource to learn about, and collaborate on, the best Information and Communications Technology practices serving people in the developing world.

Learn from experience

We have hundreds of [articles that teach](#), [case studies to learn from](#), [events to take part in](#), and [implementation guides](#) to help you make change.

Add your expertise

The Center is at its most helpful when you contribute. It's easy to submit articles, case studies, and ideas from the field. [We want to hear from you.](#)
