HumanitariaN Operations
Mobile Acquisition of Data

Main menu

Linking aid organizations with the latest information management tools to more easily collect, analyse and manage data

[Warning] The NOMAD database is currently not reviewed anymore for lack of resources to curate and update the data uploaded by solution providers. We however leave the platform accessible for information purposes - please get in touch with us if you'd like to support the restart of the project.

NOMAD has developed an Online Selection Assistant to connect your organization or project with one of 50 mobile data collection solutions. NOMAD also includes a secondment service comprised of experienced field personnel who are ready to deploy to train your organization how to use mobile data collection technology or to support in the collection of such data.

Launching the new NOMAD website & Slack community!
Posted by Martin Noblecourt on Jul 28, 2016

The NOMAD workshop we organized in January 27-28th in Amman, Jordan, with the support from **Solidarités International** and **UNHCR** was **a great success**. Many of the 106 participants from the event expressed their wish to keep the NOMAD community alive between events, which encouraged us to finish the update of our website and the launch of a Slack communication platform.
